

## GIFA 2015 – TRADE SHOW REVIEW

Düsseldorf 16.–20. June 2015

*We would like to thank everyone who took the opportunity to visit our stand at the GIFA 2015.*

*Events like GIFA are places where we can exchange and pass on new information or simply use the time for technical discussions.*

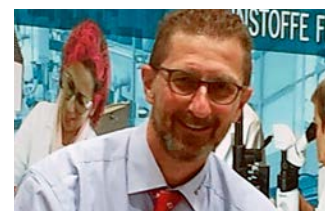

Topics such as minimum quantity spraying and structural die casting were discussed in detail.

The international aspect of GIFA proved once again that our participation –as a worldwide operating company– will always be worthwhile.

Nowhere else you can meet such an amount of specialists in one place. Therefore we would like to express our gratitude to the large number of visitors from Germany and abroad for traveling such long distances to visit us.

Now it is time for us to carry on in detail with the topics that were discussed during the trade fair.

We look forward to continuing our cooperation with our current customers and also to beginning work with our new contacts.

  
Helmut Geiger, Managing Director
