

INCREASING SERVICE REQUIREMENTS

Securing succession plans.

www.trennex.de

It has always been the aim of our company -in addition to very good product quality- to offer services that help our customers. Fast response times and high availability combined with high technical expertise have always been a priority for us.

This aim has led us once again to strengthen our proven team of application engineers.

Helmut Geiger, Managing Director

INCREASINGLY OPTIMIZED SUPPORT IN THE FIELD

The goal is to be able to reliably map the support efforts, but also to be prepared for future tasks.

There will be structural, age-related reorganizations in the German sales area, which must be initiated on time.

Hartmann as a further contact person for technical questions from Trennex customers.

In the future, Mr. **MIKE MADER** will be available in our team alongside Mr. Feneberg, Mr. Neuke and Mr.

He will mainly advise in Baden-Württemberg as well as in some foreign markets.

With his training as a foundry mechanic as well as a completed apprenticeship in foundry technology, we are certain that we will be able to supplement and continue our consulting services in the usual way with Mr. Mader.
